

Nursery Home Learning- Week Beginning 18/5/2020

Thursday

Hello children and your grown-ups, we hope you are all well and staying safe at home. Below are your Nursery home learning tasks for today, including a special mission at the end for you to have a go at, if you want to. Don't forget to check Twitter for helpful tips and ideas @devnursery. Have another brilliant day!

Phonics

Using the s, a, t, p, i, n letters and sounds we have been learning there are a variety of easy activities we can use to help to remember them. Firstly, write out a set of the letters and cut them out. Then either:

1. Place them around the floor. Now the adult says a letter and the child has to stand on that letter.
2. Place them around the floor. The child has to find a different item to place on each letter which matches to first sound of the object.
3. Hide the letters around the house or garden. The child then has to find them. When found, say the letter and something that begins with that letter. ("this is a for apple" for example.)

What other games can you make up together?

English

Children what is your favourite story? Mine is Room on the Broom.

What about making your favourite story personal to you? Give the main character your name and other characters within the story names of your family or friends.

Here is an example:

Mrs Morris (Goldilocks) went to the house of the teachers and tried Mrs Patton's porridge (daddy bear) but it was too hot. She then tried Mrs Feirdoush' porridge (mummy bear) but that was too lumpy. Finally, Mrs Morris tried Mrs Kaur's porridge (baby bear) and it was just right so she ate it all up.

Mrs Morris continues to try the teacher's chairs and beds before they came home.

That made me laugh! What story can you do? Find a way of recording it, maybe act it out, tell it to someone on your family or you could draw pictures to make your own book and get a grown up to write down your words! Making up stories is lots of fun and great practice ready for Reception!

Maths

This is a fun activity for you to try. Write out the numbers 1 to 5 (you can also do numbers 6 to 10 to extend the activity) and cut them out in the shape of different items of clothing, you can decorate them too if you like. Mix up the number and see if you can put on the clothes line in the correct order.

Be careful it's not too windy because the numbers could fly off to your neighbour's garden instead!!!

You could also write numbers on the pegs for a fun matching game!

Special Mission

Below are 2 very busy picture. Can you find all the hidden objects?

Good luck!

Find 15 objects in the picture

Find 15 objects in the picture
